1st House				2nd House				Conc.			

Summary: Current law requires a health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2021, to specify that coverage is provided for health care services appropriately delivered through telehealth on the same basis and to the same extent as in-person diagnosis, consultation, or treatment. Current law exempts Medi-Cal managed care plans that contract with the State Department of Health Care Services under the Medi-Cal program from these provisions, and generally exempts county organized health systems that provide services under the Medi-Cal program from Knox-Keene. This bill would delete the above-described references to contracts issued, amended, or renewed on or after January 1, 2021, would require these provisions to apply to the plan or insurer's contracted entity, as specified, and would delete the exemption for Medi-Cal managed care plans.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Current law provides that FQHC and RHC services are to be reimbursed, to the extent that federal financial participation is obtained, to providers on a per-visit basis. "Visit" is defined as a face-to-face encounter between a patient of an FQHC or RHC and specified health care professionals, including a physician and marriage and family therapist. Under existing law, "physician," for these purposes, includes, but is not limited to, a physician and surgeon, an osteopath, and a podiatrist. This bill would authorize reimbursement for a maximum of 2 visits taking place on the same day at a single location if after the first visit the patient suffers illness or injury requiring additional diagnosis or treatment, or if the patient has a medical visit and a mental health visit or a dental visit, as defined. The bill would authorize an FQHC or RHC that currently includes the cost of a medical visit and a mental health visit that take place on the same day at a single location as a single visit for purposes of establishing the FQHC's or RHC's rate to apply for an adjustment to its per-visit rate, and after the department has approved that rate adjustment, to bill a medical visit and a mental health visit that take place on the same day at a single location as separate visits, in accordance with the bill.

Summary: Current law provides for the licensure and regulation of various professions and vocations by boards within the Department of Consumer Affairs. Current law authorizes an administrative law judge, in an order issued in resolution of a disciplinary proceeding before a board within the Department of Consumer Affairs or before the Osteopathic Medical Board of California, upon request of the entity bringing the proceeding, to direct a licensee found to have committed a violation of the licensing act to pay a sum that does not exceed the reasonable costs of the investigation and enforcement of the case. Under current law, the Medical Board of California is prohibited from requesting or obtaining from a physician and surgeon investigation and prosecution costs for a disciplinary proceeding against the licensee. This bill would delete the above-described provision that prohibits the board from requesting or obtaining investigation and prosecution costs for a disciplinary proceeding against a licensee.

Summary: Would, effective January 1, 2022, extend eligibility for full scope Medi-Cal benefits to anyone regardless of age, and who is otherwise eligible for those benefits but for their immigration status, pursuant to an eligibility and enrollment plan. The bill would delete the specified provisions regarding individuals who are under 25 years of age or 65 years of age or older and delaying implementation until the director makes the determination described above. The bill would require the eligibility and enrollment plan to ensure that an individual maintains continuity of care with respect to their primary care provider, as prescribed, would provide that an individual is not limited in their ability to select a different health care provider or Medi-Cal managed care health plan, and would require the department to provide monthly updates to the appropriate policy and fiscal committees of the Legislature on the status of the implementation of these provisions

Summary: Current law requires county elections officials to mail a ballot to every registered voter for all elections proclaimed or conducted prior to January 1, 2022. Current law requires county elections officials to use a specified Secretary of State vote by mail tracking system or a system that meets the same specifications. This bill would extend the requirements to mail a ballot to every registered voter to all elections and apply them to all local elections officials. This bill would require a vote by mail tracking system to be accessible to voters with disabilities. The bill would also make various conforming and technical changes.

Summary: The Personal Income Tax Law, in conformity with federal income tax law, generally defines gross income as income from whatever source derived, except as specifically excluded, and provides various exclusions from gross income. Current federal law, for purposes of determining a taxpayer's gross income for federal income taxation, requires that a person who is a United States shareholder of any controlled foreign corporation to include in their gross income the global intangible low-taxed income for that taxable year, as provided. This bill, for taxable years beginning on or after January 1, 2022, would include a taxpayer's global intangible low-taxed income in their gross income for purposes of the Personal Income Tax Law, in modified conformity with the above-described federal provisions.

1st House				2nd House							

Summary: The Knox-Keene Health Care Service Plan Act of 1975 provides for the licensure and regulation of health care service plans by the Department of Managed Health Care, and makes a willful violation of the act a crime. Current law provides for the regulation of health insurers by the Department of Insurance. Current law authorizes a health care service plan or health insurer to contract with a provider for alternative rates of payment and authorizes a plan or insurer to seek reimbursement from a provider who has been overpaid for services. This bill would authorize the Director of the Department of Managed Health Care or the Insurance Commissioner to require a health care service plan or health insurer to provide specified payments and support to a provider during and at least 60 days after the end of a declared state of emergency or other circumstance if two conditions occur, as specified.

Summary: Current law provides for the licensure and regulation of various healing arts professions and vocations by boards within the Department of Consumer Affairs. Under current law, it is unlawful for healing arts licensees, except as specified, to offer, deliver, receive, or accept any rebate, refund, commission, preference, patronage dividend, discount, or other consideration, in the form of money or otherwise, as compensation or inducement for referring patients, clients, or customers to any person, subject to certain exceptions. This bill would provide that the payment or receipt of consideration for internet-based advertising, appointment booking, or any service that provides information and resources to prospective patients of licensees does not constitute a referral of a patient if the internet-based service provider does not recommend, endorse, arrange for, or otherwise select a licensee for the prospective patient.

Summary: Would prohibit the use of resources, including property or other assets, to determine eligibility under the Medi-Cal program to the extent permitted by federal law, and would require the department to seek federal authority to disregard all resources as authorized by the flexibilities provided pursuant to federal law. The bill would authorize the State Department of Health Care Services to implement this prohibition by various means, including provider bulletins, without taking regulatory authority. By January 1, 2023, the bill would require the department to adopt, amend, or repeal regulations on the prohibition, and to update its notices and forms to delete any reference to limitations on resources or assets.

Summary: Current law makes an act punishable as a hate crime if it is a criminal act committed, in whole or in part, because of an actual or perceived characteristic of the victim relating to the victim's disability, gender, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. Current law defines "nationality" for this purpose to include citizenship, country of origin, and national origin. Under existing law, a person who commits a crime that is a hate crime is required to receive an enhanced sentence. This bill would expand the definition of nationality to include immigration status, thereby making it a hate crime to commit a criminal act, in whole or in part, because of the victim's actual or perceived immigration status

Summary: The California Occupational Safety and Health Act of 1973 authorizes the Division of Occupational Safety and Health to prohibit the performance of an operation or process, or entry into that place of employment when, in its opinion, a place of employment, operation, or process, or any part thereof, exposes workers to the risk of infection with COVID-19, so as to constitute an imminent hazard to employees. Current law requires that the prohibition be issued in a manner so as not to materially interrupt the performance of critical governmental functions essential to ensuring public health and safety functions or the delivery of electrical power or water. Current law requires that these provisions not prevent the entry or use, with the division's knowledge and permission, for the sole purpose of eliminating the dangerous conditions. This bill would add the delivery of renewable natural gas to the list of utilities that the division's prohibitions are not allowed to materially interrupt.

Summary: Would require the Board of Registered Nursing to incorporate regional forecasts into its biennial analyses of the nursing workforce. The bill would require the board to develop a plan to address regional areas of shortage identified by its nursing workforce forecast and identify in the plan additional facilities that could offer clinical placement slots. The bill would require the board to annually collect, analyze, and report information related to the number of clinical placement slots that are available and the location of those clinical placement slots within the state, including, but not limited to, information concerning the total number of placement slots a clinical facility can accommodate and how many slots the programs that use the facility will need. The bill would require the board to place the annual report on its internet website.

Summary: Would establish the California Health Equity Program, a competitive grant program administered by the Office of Health Equity to community-based nonprofit organizations, community clinics, local health departments, and tribal organizations to take actions related to health equity. The bill would establish the California Health Equity Fund in the State Treasury and, upon appropriation by the Legislature, would make moneys in the fund available for the purposes of the grant program. The bill would also establish the California Health Equity Fund Oversight and Accountability Committee, a 15 member committee with specified membership, to monitor the distribution, implementation, and impact of local and regional grants funded by the California Health Equity Fund and make reports about the status of the program and related recommendations to specified entities, among other duties.

Summary: Current federal law, for purposes of various provisions related to immigration, defines "alien" to mean a person who is not a citizen or national of the United States. Current state law uses the word "alien" on its own and within various other terms to refer to persons in provisions relating to, among other things, education, housing, natural resources, employment, probate, social services, drivers' licenses, firearm permits, service in the state militia, and criminal punishment. This bill would revise those state law provisions to refer instead to those persons using other terms that do not contain the word "alien," including a person who is not a citizen or national of the United States. The bill would make other related nonsubstantive changes. The bill would state the intent of the Legislature in enacting this measure to make only nonsubstantive changes, as specified.

Summary: Current law, commencing July 1, 2021, transfers responsibility for the administration of specified childcare and developmental services programs from the State Department of Education to the State Department of Social Services. Current law requires statutory references to the Superintendent of Public Instruction, for purposes of the programs transferred to the State Department of Social Services on July 1, 2021, to instead be construed to mean the State Department of Social Services. The act prohibits a contracting agency, as part of the state preschool program, from expelling or unenrolling a child because of a child's behavior, except as provided. Current law requires the State Department of Social Services to consider, in determining whether to issue a citation or impose a civil penalty to a state preschool program, whether the program is in the process of complying with the above law relating to expulsion or unenrollment. This bill would revise and recast the above provisions relating to the expulsion or unenrollment of a child from the state preschool program and would include a general childcare and development program and family childcare home education network program as part of those provisions, as provided.

Summary: Under current law, the Tom Bane Civil Rights Act, if a person or persons, whether or not acting under color of law, interferes or attempts to interfere, by threats, intimidation, or coercion, with the exercise or enjoyment by any individual or individuals of rights secured by the Constitution or laws of the United States, or of the rights secured by the Constitution or laws of this state, the Attorney General, or any district attorney or city attorney, is authorized to bring a civil action for injunctive and other appropriate equitable relief in the name of the people of the State of California, in order to protect the exercise or enjoyment of the right or rights secured. Current law also authorizes an action brought by the Attorney General, or any district attorney or city attorney, to seek a civil penalty of \$25,000. Current law also allows an individual whose exercise or enjoyment of rights has been interfered with to prosecute a civil action for damages on their own behalf. This bill would eliminate certain immunity provisions for peace officers and custodial officers, or public entities employing peace officers or custodial officers sued under the act.

Summary: Would, until January 1, 2029, would establish in state government an Office of Racial Equity, an independent public entity not affiliated with an agency or department, governed by a Racial Equity Advisory and Accountability Council. The bill would authorize the council to hire an executive director to organize, administer, and manage the operations of the office. The bill would task the office with coordinating, analyzing, developing, evaluating, and recommending strategies for advancing racial equity across state agencies, departments, and the office of the Governor. The bill would require the office, in consultation with state agencies, departments, and public stakeholders, as appropriate, to develop a statewide Racial Equity Framework that includes a strategic plan with policy and inclusive practice recommendations, guidelines, goals, and benchmarks to reduce racial inequities, promote racial equity, and address individual, institutional, and structural racism.

Summary: Current law requires the California Department of Aging, in allocating specified state and federal funding to area agencies on aging, to ensure that priority consideration is given to criteria that reflect the state’s intent to target services to those in greatest economic or social need. Existing law defines “greatest social need” to mean the need caused by noneconomic factors, including physical and mental disabilities, that restrict an individual’s ability to perform normal daily tasks or that threaten the individual’s capacity to live independently. This bill would revise this definition to include human immunodeficiency virus (HIV) status as a specified noneconomic factor.

Summary: Would require any federal funds the California Health and Human Services Agency receives for health information technology and exchange to be deposited in the California Health Information Technology and Exchange Fund. The bill would authorize CHHSA to use the fund to provide grants to health care providers to implement or expand health information technology and to contract for direct data exchange technical assistance for safety net providers. The bill would require a health information organization to be connected to the California Trusted Exchange Network and to a qualified national network. The bill would also require a health care provider, health system, health care service plan, or health insurer that engages in health information exchange to comply with specified federal standards.

Summary: Current law provides that in administering the National Health Service Corps State Loan Repayment Program in accordance with federal law and regulations, the Office of Statewide Health Planning and Development is required to strive, whenever feasible, to equitably distribute loan repayment awards between eligible urban and rural program sites, after taking into account the availability of health care services in the communities to be served and the number of individuals to be served in each program site. This bill would require the office to include students and professionals with training in geriatrics in administering the Health Professions Career Opportunity Program, National Health Service Corps State Loan Repayment Program, and the Steven M. Thompson Physician Corps Loan Repayment Program. The bill would also state the intent of the Legislature to provide geriatricians practicing in underserved areas access to existing loan repayment programs offered by the state, encouraging more geriatric care providers to practice in federally designated health provider shortage areas and addressing the state's shortage of geriatricians.

Summary: Would, until January 1, 2026, enact the Community Response Initiative to Strengthen Emergency Systems Act or the C.R.I.S.E.S. Act for the purpose of creating, implementing, and evaluating the 3-year C.R.I.S.E.S. Grant Pilot Program, which the act would establish. The bill would require the office to establish rules and regulations for the program with the goal of making grants to community organizations, over 3 years, for the purpose of expanding the participation of community organizations in emergency response for specified vulnerable populations. The bill would require that grantees receive a minimum award of \$250,000 per year. The bill would require a community organization receiving funds pursuant to the program to use the grant to stimulate and support involvement in emergency response activities that do not require a law enforcement officer, as specified. The bill would require the Director of Emergency Services (director) to assemble staff and resources to carry out certain duties in support of the program.

 SENATE HOUSING, WIENER, Chair

Summary: The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the Department of Housing and Community Development to determine whether the housing element is in substantial compliance with specified provisions of that law. This bill, starting with the 6th housing element revision, would require the department to determine the relative progress toward meeting regional housing needs of each jurisdiction, council of governments, and subregion, as specified. The bill would require the department to make this determination based on the information contained in the annual reports submitted by each jurisdiction, as specified.

Summary: Current law authorizes a procedure for a person born in this state to obtain a new birth certificate directly from the State Registrar to reflect their change of gender to female, male, or nonbinary without a court order. Current law prohibits a new birth certificate issued under these provisions from indicating that it is not the original birth certificate and requires a local registrar or the county recorder to either forward a copy of the original birth certificate to the State Registrar or seal a cover over the copy of the original birth certificate, as specified. This bill would recast these provisions relating to new birth certificates to provide for a change in gender and sex identifier and to specify that a person who was issued a birth certificate by this state, rather than a person born in this state, may obtain a new birth certificate.

SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary: The Radiologic Technology Act makes it unlawful for any licentiate of the healing arts to administer or use diagnostic, mammographic, or therapeutic x-ray on human beings in this state, unless that person is certified by the State Department of Public Health and acting within the scope of that certification. The act requires the department to prescribe minimum qualifications for granting a fluoroscopy permit and continuing education requirements for the holders of that permit. A person who violates a provision of the Radiologic Technology Act or regulation of the department adopted pursuant to that act is guilty of a misdemeanor. This bill would, notwithstanding those requirements, authorize the department to issue a physician and surgeon or a doctor of podiatric medicine a one-time, nonrenewable, temporary permit to operate, or supervise the operation of, fluoroscopic x-ray equipment if the physician and surgeon or the doctor of podiatric medicine meets specified criteria.

Summary: Under the Medical Practice Act, an applicant for a physician's and surgeon's certificate is required to include specified information in the application and to obtain a passing score on an entire examination or on each part of an examination. Current law requires an applicant to obtain a passing score on all parts of Step 3 of the United States Medical Licensing Examination within not more than 4 attempts in order to be eligible for a certificate. Current law provides an exception to the 4-attempt requirement for an applicant who holds an unlimited and unrestricted license as a physician and surgeon in another state, and has held that license continuously for a minimum of 4 years prior to the date of application, meets certain postgraduate training requirements and is certified by a specialty board, and is not subject to specified licensure denials or disciplinary action. This bill would eliminate the exception described above and would instead establish an exception for an applicant who holds an unrestricted license as a physician and surgeon in another state, if the Medical Board of California makes prescribed determinations with regard to the applicant.

Summary: Current law requires the Labor Commissioner to enforce and administer a program to register and supervise foreign labor contractors who perform foreign labor contracting activities to recruit or solicit foreign workers. Current law requires foreign labor contractors to register under the program, as prescribed, and imposes specific requirements relating to recruitment or solicitation for employment and relating to work contracts. Current law authorizes the commissioner to adopt regulations or policies and procedures to implement these provisions. Current law makes these provisions applicable only to nonagricultural workers, and exempts persons licensed as farm labor contractors, specified persons exempt from farm labor contractor licensing requirements, and employers of agricultural workers. This bill would delete those limitations.

Summary: Current law authorizes the State Department of Health Care Services to establish a Whole Child Model (WCM) program, under which managed care plans served by a county organized health system or Regional Health Authority in designated counties provide CCS services to Medi-Cal eligible CCS children and youth. Current law requires the department to establish a statewide WCM program stakeholder advisory group that includes specified persons, such as CCS case managers and labor organizations, to consult with that advisory group on the implementation of the WCM, and to consider the advisory group’s recommendations on prescribed matters. Current law terminates the advisory group on December 31, 2021. This bill would remove labor organizations from the stakeholder advisory group, and would instead include recognized exclusive representatives of CCS county providers. The bill would instead terminate the advisory group on December 31, 2023.

Summary: Would establish within the State Department of Health Care Services an Older Adult Behavioral Health Services Administrator to oversee behavioral health services for older adults. The bill would require that position to be funded with administrative funds from the Mental Health Services Fund. The bill would prescribe the functions of the administrator and its responsibilities, including, but not limited to, developing outcome and related indicators for older adults for the purpose of assessing the status of behavioral health services for older adults, monitoring the quality of programs for those adults, and guiding decisionmaking on how to improve those services. The bill would require the administrator to receive data from other state agencies and departments to implement these provisions, subject to existing state or federal confidentiality requirements. The bill would require the administrator to report to the entities that administer the MHSA on those outcome and related indicators by July 1, 2022, and would require the report to be posted on the department’s internet website.

Calendar: 7/15/2021 Upon adjournment of Session - John L. Burton Hearing Room (4203) SENATE APPROPRIATIONS, PORTANTINO, Chair**Summary:** The Licensed Professional Clinical Counselor Act defines "professional clinical counseling" to exclude the assessment or treatment of couples or families unless the professional clinical counselor has completed specified training and education requirements. Current law authorizes an out-of-state professional clinical counselor licensee at the highest level for independent clinical practice to be

licensed as a professional clinic counselor in this state if that person meets certain requirements, and permits that person to treat couples or families if that person meets certain additional requirements. The act requires supervised experience that is obtained for the purpose of qualifying for licensure to be related to the practice of professional clinical counseling and comply with specified requirements, including by requiring at least 150 hours of clinical experience in a hospital or community mental health setting, as defined. A violation of the act is punishable as a misdemeanor. This bill would delete the provision excluding the assessment or treatment of couples or families without meeting specified training and education requirements from the definition of "professional clinical counseling." The bill would delete the additional requirements for an out-of-state professional clinical counselor licensee to be allowed to treat couples or families.

1st House				2nd House							

Summary: Current law requires the Director of Health Care Services to establish administrative appeal processes to review grievances or complaints arising from the findings of an audit or examination. Under current law, if recovery of a disallowed payment has been made by the department, a provider who prevails in an appeal of that payment is entitled to interest at the rate equal to the monthly average received on investments in the Surplus Money Investment Fund, or simple interest at the rate of 7% per annum, whichever is higher. Under current law, with exceptions, interest at that same rate is assessed against any unrecovered overpayment due to the department. In the case of an assessment against any unrecovered overpayment due to the department, this bill would authorize the director to waive any or all of the interest or penalties owed by a provider, after taking into account specified factors, including the importance of the provider to the health care safety net in the community and the impact of the repayment amounts on the fiscal solvency of the provider.

Calendar: 7/5/2021 10 a.m. - John L. Burton Hearing Room (4203)
SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary: Current state law establishes the California Program of All-Inclusive Care for the Elderly (PACE program) to provide community-based, risk-based, and capitated long-term care services as optional services under the state's Medi-Cal State Plan. Under this authority, the department implemented various guidance on the PACE program in response to the state of emergency caused by the 2019 novel coronavirus COVID-19, including authorizing a PACE organization to deliver prescribed services, including medically necessary services through telehealth. Current law authorizes the department to enter into contracts with various entities to implement the PACE program and fully implement the single state agency responsibilities assumed by the department pursuant to those contracts, as specified. This bill would generally require the department to make permanent the specified PACE program flexibilities instituted, on or before January 1, 2021, in response to the state of emergency caused by COVID-19 by means of all-facility letters or other similar instructions taken without regulatory action, with prescribed modifications, such as instead limiting a PACE organization's use of telehealth to specified services, including conducting assessments for eligibility for enrollment in the PACE program, subject to the federal waiver process.

Calendar: 7/8/2021 Upon adjournment of Session - Room 3191 SENATE GOVERNANCE AND FINANCE, MCGUIRE, Chair

Summary: Current law requires a collocation or siting application for a wireless telecommunications facility be deemed approved if a city or county fails to approve or disapprove the application within the time periods specified in applicable FCC decisions, all required public notices have been provided regarding the application, and the applicant has provided a notice to the city or county that the time period has lapsed. Under existing law, eligible facilities requests, defined to include any request for modification of an existing wireless tower or base station that involves collocation of new transmission equipment, removal of transmission equipment, or replacement of transmission equipment, are exempt from these requirements. This bill would remove the exemption for eligible facilities requests defined above. The bill would require that the time periods described above be determined pursuant to specified FCC rules.

Calendar: 7/1/2021 #74 SENATE ASSEMBLY BILLS - THIRD READING FILE

Summary: The Mental Health Services Act requires counties to establish a program designed to prevent mental illnesses from becoming severe and disabling and authorizes counties to use funds designated for prevention and early intervention to broaden the provision of those community-based mental health services by adding prevention and early intervention services or activities. Current law authorizes the MHSA to be amended by a 2/3 vote of the Legislature if the amendments are consistent with, and further the purposes of, the MHSA. This bill would amend the MHSA by including in the prevention and early intervention services authorized to be provided, prevention and early intervention strategies that address mental health needs, substance misuse or substance use disorders, or needs relating to cooccurring mental health and substance use services. By authorizing a new use for continuously appropriated funds, this bill would make an appropriation. The bill would state the finding and declaration of the Legislature that this change is consistent with, and furthers the intent of, the MHSA.

1st House				2nd House							

Summary: Current law, contingent upon the appropriation of specified federal grant funds to the State Department of Health Care Services, establishes the California MAT Re-Entry Incentive Program, which makes a person released from prison on parole, with specified exceptions, eligible for a 30-day reduction in the period of parole for every six months of treatment, up to a maximum 90-day reduction. To receive the reduction to the period of parole, existing law requires that the parolee successfully participate in a substance abuse treatment program that employs a multifaceted approach to treatment, including medically assisted therapy (MAT), as specified, and to have been enrolled in, or successfully participated in, an institutional substance abuse program. This bill would, instead of requiring the person to have participated in an institutional substance abuse program, require the person to have been enrolled in, or successfully participated in, a post-release substance abuse program.

1st House				2nd House								

Summary: The Healthy Workplaces, Healthy Families Act of 2014 requires employers to provide an employee, who works in California for 30 or more days within a year from the commencement of employment, with paid sick days for prescribed purposes, to be accrued at a rate of no less than one hour for every 30 hours worked. Existing law authorizes an employer to limit an employee’s use of paid sick days to 24 hours or 3 days in each year of employment. Current law charges the Labor Commissioner, who is the Chief of the Division of Labor Standards Enforcement, with enforcement of various labor laws. This bill, the Health Care Workers Recognition and Retention Act, would require a covered employer, as defined, to pay hazard pay retention bonuses in the prescribed amounts on January 1, 2022, April 1, 2022, July 1, 2022, and October 1, 2022, to each covered health care worker, as defined, that it employs.

Summary: Would establish, until January 1, 2026, the Medication-Assisted Treatment Grant Program, to be administered by the Board of State and Community Corrections. The bill would require the board to award grants, on a competitive basis, to counties and would authorize counties that receive grants to use grant funds for various purposes relating to the treatment of substance use disorders and the provision of medication-assisted treatment. The bill would prohibit counties from using the grant funds to supplant existing resources for medication-assisted treatment services delivered in county jails or in the community. The bill would require counties that receive grants pursuant to these provisions to collect and maintain data relating to the effectiveness of the program and would require the board, by July 1, 2025, to submit a report to the Legislature describing the activities funded by the grant program and the success of those activities in reducing drug overdoses and recidivism by jail inmates and persons under criminal justice supervision.

Summary: Current law requires the State Department of Health Care Services to establish income levels for maintenance need at the lowest levels that reasonably permit a medically needy person to

meet their basic needs for food, clothing, and shelter, and for which federal financial participation will still be provided under applicable federal law. In calculating the income of a medically needy person in a medical institution or nursing facility, or a person receiving institutional or noninstitutional services from a Program of All-Inclusive Care for the Elderly organization, the required monthly maintenance amount includes an amount providing for personal and incidental needs in the amount of not less than \$35 per month while a patient. Current law authorizes the department to increase, by regulation, this amount as necessitated by increasing costs of personal and incidental needs. This bill would increase the monthly maintenance amount for personal and incidental needs from \$35 to \$80, and would require the department to annually adjust that amount by the same percentage as the Consumer Price Index.

Summary: Current law authorizes a nurse practitioner who meets certain education, experience, and certification requirements to perform, in certain settings or organizations, specified functions without standardized procedures, including, but not limited to, conducting an advanced assessment; ordering, performing, and interpreting diagnostic procedures, as specified; and prescribing, administering, dispensing, and furnishing controlled substances. Current law, beginning January 1, 2023, authorizes a nurse practitioner to perform the functions described above without standardized procedures outside of the specified settings or organizations, in accordance with certain conditions and requirements, if the nurse practitioner holds an active certification issued by the board. This bill would refer to practice protocols, as defined, instead of individual protocols and would delete the requirement to obtain physician consultation in the case of acute decompensation of patient situation. The bill would revise the requirement to establish a referral plan, as described above, by requiring it to address the situation of a patient who is acutely decompensating in a manner that is not consistent with the progression of the disease and corresponding treatment plan.

1st House				2nd House							

Summary: The Medi-Cal Emergency Medical Transportation Reimbursement Act, imposes a quality assurance fee for each emergency medical transport provided by an emergency medical transport provider subject to the fee in accordance with a prescribed methodology. Current law exempts an eligible provider from the quality assurance fee and add-on increase for the duration of any Medi-Cal managed care rating during which the program is implemented. Existing law requires each applicable Medi-Cal managed care health plan to satisfy a specified obligation for emergency medical transports and to provide payment to noncontract emergency medical transport providers, and provides that this provision does not apply to an eligible provider who provides noncontract emergency medical transports to an enrollee of a Medi-Cal managed care plan during any Medi-Cal managed care rating period that the program is implemented. The bill would provide that during the entirety of any Medi-Cal managed care rating period for which the program is implemented an eligible provider shall not be an emergency medical transport provider, as defined, who is subject to a quality assurance fee or eligible for the add-on increase, and would provide that the program's provisions do not affect the application of the specified add-on to any payment to a nonpublic emergency medical transport provider.

Summary: Current law classifies certain controlled substances into Schedules I to V, inclusive. Current law requires the Department of Justice to maintain the Controlled Substance Utilization Review and Evaluation System (CURES) database for the electronic monitoring of the prescribing and dispensing of Schedule II, Schedule III, and Schedule IV controlled substances by a health care practitioner authorized to prescribe, order, administer, furnish, or dispense a Schedule II, Schedule III, or Schedule IV controlled substance. Current law requires a dispensing pharmacy, clinic, or other dispenser to report specified information to the department for inclusion in the database. This bill would repeal those provisions as of January 1, 2023.

Summary: Current law, until January 1, 2026, establishes the Proposition 56 Medi-Cal Physicians and Dentists Loan Repayment Act Program, which requires the State Department of Health Care Services to develop and administer the program to provide loan assistance payments to qualifying, recent graduate physicians and dentists who serve beneficiaries of the Medi-Cal program and other specified health care programs using moneys from the Healthcare Treatment Fund. Current law requires this program to be funded using moneys appropriated to the department for this purpose in the Budget Act of 2018, and requires the department to administer 2 separate payment pools for participating physicians and dentists, respectively, consistent with the allocations provided for in the Budget Act of 2018. For purposes of that program, and by January 1, 2022, this bill would require the department to exclusively provide loan assistance payments to Medi-Cal physicians and dentists who maintain a patient caseload composed of a minimum of 30% Medi-Cal beneficiaries and who meet one or more of specified requirements relating to practicing in areas, or serving populations, with provider shortages.

Summary: The Mental Health Services Act (MHSA), an initiative measure enacted by the voters as Proposition 63 at the November 2, 2004, statewide general election, establishes the continuously appropriated Mental Health Services Fund (MHSF) to fund various county mental health programs and requires counties to spend those funds as specified. Current law requires funds allocated to a county that have not been spent for their authorized purpose within 3 years, and the interest accruing on those funds, to revert to the state, except for specified purposes, including capital facilities and technological needs, which revert after 10 years. Under current law, reverted funds are reallocated to the counties, as specified. As part of the MHSA, current law requires counties to engage in specified planning activities, including creating and updating a 3-year program and expenditure plan through a stakeholder process. This bill would amend the MHSA by requiring reverted funds to be used in the county from which the funds reverted, except as specified.

Summary: The California Community Services Block Grant Program requires the Department of Community Services and Development to administer the federal Community Services Block Grant funds to provide financial assistance for activities designed to have a measurable and potentially major impact on causes of poverty in a community or areas of a community where poverty is a particularly acute problem. Current law authorizes this funding to assist programs that, among other things, meet the needs of migrant and seasonal farmworkers and their families, such as daycare for children and elderly persons, education, health services, improved housing and sanitation, legal advice and representation, and consumer training and counseling, and assistance in processing applications for legalization and citizenship. This bill, upon appropriation by the Legislature, would require the department to establish a grant program for counties to establish farmworker resource centers that provide farmworkers and their families information and access to services related to, among other things, labor and employment rights, education, housing, immigration, and health and human services.

1st House				2nd House							

Summary: Would require the Department of Housing and Community Development to create a model plan for the use of alternative forms, as defined, of developing affordable housing for the purpose of substantially reducing the cost of a unit of affordable housing. The bill would require the model plan to be used in state agency decisions in all state-subsidized housing loan and grant programs. The bill would also require a local agency, nonprofit affordable housing sponsor, private entity, or individual that receives surplus state real property from the state to use the model plan to guide any housing development on that property. The bill would make findings and declarations in this regard.

Summary: The Lanterman-Petris-Short Act, authorizes, among other things, the involuntary commitment and treatment of persons with specified mental health disorders and the appointment of a conservator of the person, of the estate, or of both, for a person who is gravely disabled as a result of a mental health disorder. The act is administered by the Director of Health Care Services. This bill would require the director to appoint a full-time Statewide Director of Crisis Services. The bill would require the Statewide Director of Crisis Services to monitor, support, and coordinate with support providers, with the goal of having a comprehensive crisis care system, as specified, and coordinate with the Department of Managed Health Care, the Department of Insurance, and other departments, agencies, and entities, as necessary, to support and advocate for the creation and continued existence of a comprehensive, integrated, and reliable network of services.

1st House				2nd House							

Summary: The Lanterman-Petris-Short Act authorizes the involuntary commitment and treatment of persons with specified mental health disorders for the protection of the persons so committed. Under

the act, if a person, as a result of a mental health disorder, is a danger to others, or to themselves, or is gravely disabled, the person may, upon probable cause, be taken into custody by a peace officer, a member of the attending staff of an evaluation facility, designated members of a mobile crisis team, or another designated professional person, and placed in a facility designated by the county and approved by the State Department of Social Services as a facility for 72-hour treatment and evaluation. This bill would expand the definition of "gravely disabled" for these purposes to also include a condition in which a person, as a result of a mental health disorder, is unable to provide for their basic personal needs for medical treatment, as defined, if the failure to receive medical treatment is either for an existing life-threatening medical condition or the person is in imminent danger of physical injury or life-threatening medical condition and there is a substantial and imminent risk, in either instance, of either death or prolonged hospitalization.

Summary: Current law requires an authorized health care practitioner to consult the CURES database to review a patient's controlled substance history before prescribing a Schedule II, Schedule III, or Schedule IV controlled substance to the patient for the first time and, on or before July 1, 2021, at least once every 6 months thereafter, as specified. Current law makes exceptions for the requirement to consult the CURES database, including if a health care practitioner prescribes, orders, administers, or furnishes a controlled substance to a patient as part of the patient's treatment for surgical, radiotherapeutic, therapeutic, or diagnosed procedure, as specified. This bill would create an additional exception to the requirement to consult the CURES database for a health care practitioner who is employed by a substance use disorder treatment clinic or program who is treating patients who are enrolled in substance abuse disorder treatment with regularly prescribed or furnished controlled substances if there have been consultations in the CURES database within the previous 6 months.

Summary: Would require a health care service plan or health insurer that implements an automated prior authorization system to use evidence-based clinical guidelines to program the system and to make the algorithms used for the system available for download on the plan's or insurer's provider internet website. The bill would require a plan or insurer that implements an automated prior authorization system to ensure that a licensed physician or a licensed health care professional makes the decision to deny or modify a request by examining the request specific to the enrollee or insured and does not simply ratify an automated response.

Summary: Current law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care. Current law exempts a health care service plan from required licensure if it provides only emergency ambulance services or advanced life support services, or both, and is operated by a state or local governmental entity. This bill would make a technical, nonsubstantive change to that provision.

Summary: Current law prohibits granting probation or suspending a sentence for persons convicted of specified crimes relating to controlled substances, including possessing or agreeing to sell or transport opiates or opium derivatives, possessing or transporting cannabis, planting or cultivating peyote, and various crimes relating to forging or altering prescriptions, among other crimes, if the person has previously been convicted of any one of specified felony offenses relating to controlled substances. Current law also prohibits granting probation or suspending a sentence for persons convicted of specified crimes relating to controlled substances, including possessing for sale or selling 14.25 grams or more of a substance containing heroin and possessing for sale 14.25 grams or more of any salt or solution of phencyclidine or its analogs, among other crimes. This bill would delete various crimes relating to controlled substances, including, but not limited to, the crimes described above, from those prohibitions against granting probation or a suspended sentence.

Summary: Current law classifies controlled substances into 5 schedules and places the greatest restrictions and penalties on the use of those substances placed in Schedule I. Current law classifies the drug fentanyl in Schedule II. Current law prohibits a person from possessing for sale, or purchasing for purposes of sale, specified controlled substances, including fentanyl, and provides for imprisonment in a county jail for 2, 3, or 4 years for a violation of this provision. Current law also imposes an additional term, and authorizes a trial court to impose a specified fine, upon a person who is convicted of a violation of, or of a conspiracy to violate, specified provisions of law with respect to a substance containing heroin, cocaine base, and cocaine, if the substance exceeds a specified weight. This bill would impose that additional term upon, and authorize a fine against, a defendant who violates those laws with respect to a substance containing fentanyl.

Summary: Current law authorizes the MHSA to be amended by a 2/3 vote of the Legislature if the amendments are consistent with, and further the purposes of, the MHSA. This bill would amend the MHSA by authorizing counties, until January 1, 2025, to expend unencumbered innovative program funds to expand a program implementing the full-service partnership model, including those that prioritize unserved or underserved populations that typically receive services through innovative programs. The bill would require, prior to expending the funds, that the county mental health program seek approval from the commission and that the county board of supervisors adopt specified findings. The bill would require that the commission approve or deny the request to use funds within 45 days of receiving it. The bill would require a county mental health program using funds pursuant to these provisions to report annually to the commission, as specified.

Summary: Would, for a health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2022, in the individual or group market, require the health care service plan or health insurer to monitor an enrollee's or insured's accrual balance toward their annual deductible and out-of-pocket maximum, if any. The bill would require a health care service plan or health insurer to provide an enrollee or insured with their accrual balance toward their annual deductible and out-of-pocket maximum for every month in which benefits were used, and would allow an enrollee or insured to request their most up-to-date accrual balances from their health care service plan or health insurer at any time. The bill would require accrual updates to be mailed to enrollees unless the enrollee has elected to opt out of mailed notice and elected to receive the accrual update electronically, as specified.

Summary: Current law designates 8 agencies in state government and requires the secretary of an agency to be generally responsible for the sound fiscal management of each department, office, or other unit within the agency. Current law further requires the secretary of an agency to, among other duties, continually seek to improve the organization structure, the operating policies, and the management information systems of each department, office, or other unit. This bill would, until January 1, 2029, establish the Immigrant and Refugee Affairs Agency as an agency within state government, to be headed by a secretary who is appointed by the Governor and subject to Senate confirmation. The bill would specify that the purpose of the agency is to reduce obstacles and enhance immigrant integration, as defined, into the social, cultural, economic, and civic life of the state.

Summary: Current state law creates the California Health Benefit Exchange, also known as Covered California, governed by an executive board, to facilitate the enrollment of qualified individuals and qualified small employers in qualified health plans as required under PPACA. Current law authorizes the board to adopt necessary rules and regulations by emergency regulations until January 1, 2022, with the exception of regulations implementing prescribed provisions relating to criminal background history checks for persons with access to confidential, personal, or financial information. Current law authorizes the Office of Administrative Law to approve more than 2 readoptions of emergency regulations until January 1, 2027. Current law provides that these extensions apply to any regulation adopted before January 1, 2019. This bill would instead extend the authority of the board to adopt those necessary rules and regulations by emergency regulations to January 1, 2027, and would extend the authority of the Office of Administrative Law to approve more than 2 readoptions of emergency regulations until January 1, 2032.

Summary: The Optometry Practice Act provides for the licensure and regulation of the practice of optometry by the State Board of Optometry. The act prohibits engaging in the practice of optometry without an optometrist license from the board. The act requires, in order for an applicant to obtain a license to practice optometry in California, that the applicant have graduated from an accredited school of optometry, passed the required examinations for licensure, not have met any of certain grounds for denial, and not be currently required to register as a sex offender. The act requires the board to enforce and administer its enforcement provisions as to licenseholders, including those who hold a retired license, a license with a retired volunteer designation, or an inactive license. This bill would establish provisions for temporary licensure. The bill would require the board to issue a temporary license to practice optometry to any person who applies for and is eligible for licensure under existing law, but who is unable to immediately take the required examination for licensure due to the state of emergency, proclaimed by the Governor on March 4, 2020, in response to the COVID-19 pandemic.

Desk	Policy	Fiscal	2 year	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Would require the State Air Resources Board to ensure that statewide greenhouse gas emissions are reduced to at least 40% and up to 80% below the 1990 level by 2030. By expanding the scope of a crime, this bill would impose a state-mandated local program. The bill would adopt a state policy to lead a global effort to restore oceanic and atmospheric concentrations of greenhouse gas emissions to preindustrial levels as soon as possible to secure a safe climate for all, and to restore community health and reverse the impacts from the damage and injustice climate change is causing to the people, the economy, and the environment of California. The bill would require the Secretary of the Natural Resources Agency, in coordination with the Secretary for Environmental Protection and the State Air Resources Board, and concurrent with the scoping plan, to develop a climate restoration plan that specifies carbon removal targets, before 2035, as necessary to facilitate achievement of those goals.

Summary: Current federal law provides that students who are enrolled in college or other institutions of higher education at least half time are not eligible for SNAP benefits unless they meet one of several specified exemptions, including participating in specified employment and training programs. Current state law requires, for the purposes of determining eligibility for CalFresh, certain educational programs, as determined by the State Department of Social Services, to be considered employment and training programs, thereby qualifying a student participating in one of those programs for an exemption, unless prohibited by federal law. Current law requires the department to maintain and regularly update a list of programs that meet the employment and training exemption set forth in federal regulations. This bill would require the department, upon an appropriation by the Legislature for this purpose, and to the extent permitted by federal law, to include adult education and career technical education programs in the list of programs that are deemed to meet the employment and training exemption set forth in the federal regulations.

Summary: Current law, commonly referred to as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development within the city or county with a density bonus and other incentives or concessions, as specified, if the developer agrees to construct, among other options, specified percentages of units for moderate-income or, lower, or very low income households and meets other requirements. Current law requires the developer and the city or county to ensure that the initial occupant of a for-sale unit that qualified the developer for the award of the density bonus is a person or family of very low, low, or moderate income. This bill, as an alternative to ensuring that the initial occupant of a for-sale unit is a person or family of the required income, would authorize the developer and the city or county to ensure that a qualified nonprofit housing organization that is receiving the above-described welfare exemption purchases the unit pursuant to a specified recorded contract that includes an affordability restriction, an equity sharing agreement, and a repurchase option that requires a subsequent purchaser that desires to sell or convey the property to first offer the nonprofit corporation the opportunity to repurchase the property.

Summary: Current law provides for various mental and behavioral health programs that are administered by the counties. The Mental Health Services Act (MHSA), an initiative measure enacted by the voters as Proposition 63 at the November 2, 2004, statewide general election, establishes the Mental Health Services Oversight and Accountability Commission to oversee the provisions of the MHSA and review the county plans for MHSA spending. Current law requires the State Department of Health Care Services, in consultation with the commission and other entities, to develop and administer instructions for the Annual Mental Health Services Act Revenue and Expenditure Report, which identifies and evaluates county mental health programs funded by the MHSA. This bill would require, to the extent the Legislature makes an appropriation for these provisions, the commission, in consultation with state and local mental health authorities, to create a comprehensive tracking program for county spending on mental and behavioral health programs and services, as specified, including funding sources, funding utilization, and outcome data at the program, service, and statewide levels.

Summary: The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. Current law imposes requirements on Medi-Cal managed care plans, including standards on network adequacy, alternative access, and minimum loss ratios. This bill would, commencing with the January 1, 2022, rating period, and through December 31, 2024, require the Department of Health Care Services to make incentive payments to qualifying Medi-Cal managed care plans that meet predefined goals and metrics associated with targeted interventions, rendered by school-affiliated behavioral health providers, that increase access to preventive, early intervention, and behavioral health services for children enrolled in kindergarten and grades 1 to 12, inclusive, at those schools.

Summary: Current law authorizes participating counties to pay for the services provided from moneys distributed to the counties from various continuously appropriated funds, including the Mental Health Services Fund, when included in a county plan, as specified. Current law authorizes a court to order a person who is the subject of a petition filed pursuant to those provisions to obtain assisted outpatient treatment if the court finds, by clear and convincing evidence, that the facts stated in the petition are true and establish that specified criteria are met, including that the person has a history of lack of compliance with treatment for their mental illness, and that there has been a clinical determination that the person is unlikely to survive safely in the community without supervision. Current law authorizes the petition to be filed by the county behavioral health director, or the director's designee, in the superior court in the county in which the person who is the subject of the petition is present or

reasonably believed to be present, in accordance with prescribed procedures. This bill would additionally authorize the filing of a petition to obtain assisted outpatient treatment under the existing petition procedures, for a conservatee or former conservatee, as specified, who would benefit from assisted outpatient treatment to reduce the risk of deteriorating mental health while living independently.

Summary: Current law authorizes the university to establish Doctor of Nursing Practice degree programs that offer Doctor of Nursing Practice degrees, subject to specified program and enrollment requirements. This bill would require the California State University to establish Doctor of Medicine degree programs, as provided, with the goal of addressing access to medical care in underserved, disadvantaged areas. The bill would appropriate \$15,000 from the General Fund to the trustees for the implementation and administration of these provisions. The bill would require the trustees, on or before January 1, 2023, to submit a report to the Legislature on its implementation and administration of these provisions.

1st House				2nd House							

Summary: Current law requires the State Water Resources Control Board, by January 1, 2018, and in collaboration with specified entities, to develop a plan for the funding and implementation of the Low-Income Water Rate Assistance Program. Current law authorizes the board to consider existing rate assistance programs authorized by the Public Utilities Commission in developing the plan, and authorizes the plan to include recommendations for other cost-effective methods of offering assistance to low-income water customers. This bill would require the board to administer the program, upon appropriation by the Legislature. The bill would limit eligibility for the program to a person that is both a low-income water customer and financially affected by the COVID-19 pandemic.

Summary: Current law requires a vote by mail voter to return a voted vote by mail ballot (1) by mail or in person to the elections official, (2) in person to a member of a precinct board at a polling place or vote center, or (3) to a vote by mail ballot dropoff location, as specified. It also requires elections officials to establish procedures to track and confirm the receipt of voted vote by mail ballots and to make this information available online, as specified. This bill would make technical, nonsubstantive changes to this latter provision.

Summary: The Medical Practice Act provides for the licensure and regulation of the practice of medicine by the Medical Board of California and requires a health care provider initiating the use of telehealth to inform the patient, before the delivery of health care via telehealth, about the use of telehealth and obtain verbal or written consent from the patient for the use of telehealth as an acceptable mode of delivering health care services and public health. The act defines "health care provider" to include, among others, an associate marriage and family therapist or marriage and family therapist trainee, as specified. This bill would define health care provider to additionally include an associate clinical social worker and an associate professional clinical counselor, as specified.
